

MP SERIES

PROFESSIONAL IN-EAR MONITORS

Nothing beats in-ear monitors when you need to hear yourself and everything else as clearly as possible on stage. MP Series Professional In-Ear Monitors offer the clarity and bass response you need to perform your best while being comfortable enough to wear all night.

FEATURES

SOUND ISOLATION AND COMFORT

Ergonomically molded low-profile enclosure offers maximum comfort, sound isolation, and bass response.

PREMIUM DRIVERS

Specially selected dynamic and Knowles® balanced armature drivers offer the perfect balance of vocal clarity and ample low-end for optimal performance on stage.

HIGH-FIDELITY CABLE

The shielded, braided cable is designed for extra durability and sonic performance.

FIND YOUR SOUND

From single to quad driver models, the MP Series has the perfect model for you. Available MP-BTA Bluetooth® Adapter makes it easy to take them with you anywhere.

MP SERIES

MP-120 MP-220 MP-240

PROFESSIONAL DESIGN

- Ergonomically molded low-profile enclosure offers maximum comfort, sound isolation, and bass response

HIGH-FIDELITY CABLE

- The shielded, braided cable is designed for extra durability and sonic performance
- Equipped with a detachable MMCX connector that swivels for increased comfort and durability
- The over-ear design keeps them securely in your ears and the cables behind your head for uninterrupted performance

PERFECT FIT

- With three different types of ear tips included and in three different sizes, you can choose what works best for your ears to provide maximum comfort and sound isolation
- Ear tip types included are foam, silicone, and double flange in small, medium, and large sizes

INCLUDED ACCESSORIES

- Hard molded case protects your investment when not in use
- Gold-plated 1/8" to 1/4" adapter

BLUETOOTH® – WIRELESS FREEDOM

- MP-120, MP-220, and MP-240 are each available bundled with the MP-BTA Bluetooth Adapter

MP-120

Single Dynamic Driver Professional In-Ear Monitors

MADE FOR ARTISTS

- MP-120 In-Ear Monitors deliver the performance and comfort that artists need to be in tune with the stage

PRECISION DYNAMIC DRIVER

- With a single high-performance dynamic driver, the MP-120 delivers responsive, full-range sound.

SPECIFICATIONS

- Frequency Response: 20 Hz – 20 kHz
- Impedance: 32 Ohms
- Transducer Type: Single Dynamic
- Sensitivity: 102 dB

MP-BTA Bluetooth Adapter

- Go wireless with your MP Series In-Ear Monitors
- Effortlessly pairs with any Bluetooth-enabled device
- Bluetooth 5.0 technology for excellent battery life, sound quality, and range
- In-line mic and control for answering calls and controlling music playback
- Swiveling, detachable MMCX connectors
- Available individually or bundled with MP Series In-Ear Monitors

MP-220

Dual Dynamic Driver Professional In-Ear Monitors

MADE FOR ARTISTS

- MP-220 In-Ear Monitors deliver the clarity, performance, and comfort that artists need to perform their best

DUAL PRECISION DRIVERS

- With dual precision dynamic drivers, MP-220 In-Ear Monitors offer powerful bass response and enhanced clarity

SPECIFICATIONS

- Frequency Response: 20 Hz – 20 kHz
- Impedance: 16 Ohms
- Transducer Type: Dual Dynamic
- Sensitivity: 104 dB

MP-240

Dual Hybrid Driver Professional In-Ear Monitors

MADE FOR ARTISTS

- MP-240 In-Ear Monitors deliver the incredible high-frequency clarity and dynamic response that artists need to perform their best
